"The switch to Grid4 Communications, our phone and internet service provider, has proven to be a cost effective decision for our corporation. In addition, Grid4 provides exceptional customer experience from a network reliability and customer care perspective. We just didn't get this from our previous service provider. After many years of working with them, we know their staff on a personal level and when we do need them, they respond immediately, usually with a live person on the phone! Amazing!"

Cindi Lang, Partner
DocNow

"Adding Grid4 as a Certified Service Provider and strategic technology partner is important to ANX and our customer base. Having strong technical partnerships is key for ANX as we continue our ongoing evolution, and Grid4 will be an important part of our future growth."

Jim Michels, Vice President of Marketing and Sales
ANXeBusiness

"Customer satisfaction is priority one with Grid4. We have been a customer of Grid4 for over five years. They have helped us transition from traditional phone service to their Hosted IP PBX service seamlessly. The support and service is unmatched. I would not entrust a more integral part of our business with anyone other than Grid4."

Dean J. Sine
Sine & Monaghan GMAC Real Estate

"We felt that implementing Grid4's Hosted services product would be a great way to bring a value added, cost savings technology to our company... We look forward to continuing our relationship with Grid4 as our two Michigan companies continue to help Michigan's economy."

Matthew Schindler, Operations Manager
Premier Business Products

"Our phones are our lifelines and Grid4 makes it work."

Joe Ricci
Joe Ricci Dodge

"Grid4 is always working in the background so we can do our job. We have never had any interruptions."

Paul Alexander
Somerset Skin Centre

"Grid4's tailored their technology to the specific needs of my business and still managed to keep it simple."
